SUBJECT INDEX

A

- Ability
 - cognitive
 - see Cognitive abilities
 - in job motivation studies, 261
- Abstract skills
 - development of
 - and formal schooling, 167
 - Abstract thought
 - and nonliterate people, 160
- Acceptance
 - as personal change
 - mechanism, 471
- Acculturation
 - in children
 - and mental health risk, 188
 - index
 - and cognition
 - development, 156-58
- Acetylcholine
 - and rearing condition
 - variations, 133
- Achievement
 - college
 - prediction of, 632-33
 - and creative thinking
 - measures, 615
 - maternal expectancies of
 - and infant development, 115
 - need for in women
 - and career orientation, 584
 - in school
 - individual determinants of, 632
- Achievement orientation
 - and locus of control
 - in organizational behavior, 246
- Acidity
 - in taste studies, 285, 292-93, 296-300, 304, 306-7
- Acoustic orienting task
 - in memory studies, 78
- Acoustics
 - and auditory psychophysics, 33
- ACT
 - computer simulation model
 - and semantic memory, 378, 387-88
- Acting-out
 - among children
 - and social skills training, 557
- Adaptive gain control
 - and motor control system
 - models, 338-42

- Adolescence
 - impact of social supports
 - during
 - and psychopathology, 404
 - individual differences in
 - validity studies, 632
- Adolescents
 - and community crime
 - prevention programs, 182
- Adrenal responses
 - and reduced aversiveness
 - in children, 118
- Adrenal tumor
 - and salt craving
 - in taste and behavior
 - studies, 290
- Affect
 - arousal of
 - and small group methods, 446, 470
 - role in cognition
 - and computer simulated
 - models, 383-85
 - role in memory encoding, 92-95
- Affective role-taking
 - among preschoolers
 - and facial expression
 - studies, 534-35
- Afferent nerves
 - in motor organization
 - studies, 328-34, 337-38, 356-57
 - and taste neuropsychology, 285-88, 291, 300, 317
- Affirmative action programs
 - and personnel selection
 - studies, 481, 500
- Ageism
 - as social-environmental
 - stressor, 184
- Aggression
 - altering through counseling, 558-59
 - and facial expression, 535, 549
 - prevention of
 - experimental studies, 199
 - and schizophrenia
 - vulnerability, 194
- Aggressive actions
 - and deindividuation
 - and group processes, 431-32
- Aging
 - individual differences in
 - and changes in cognitive
 - ability, 624-29
 - and memory, 66

- Alcoholism
 - in children, 175
 - and employee emotional
 - stress, 181
- Altruism
 - and facial expression
 - during televised violence, 549
 - as personal change
 - mechanism, 471
- Americans
 - and color coding studies, 154
 - facial expression studies of, 530-31
- American Sign Language (ASL)
 - and memory encoding
 - studies, 69
- Ammonium chloride
 - in taste studies, 294
- Amok
 - as culture-specific syndrome, 401
- Amygdala
 - lesions in
 - and motivation studies, 214-15, 232
 - and taste neuropsychology, 290, 311-12, 314, 316-17
- Anal character
 - and early experience studies, 112
- Anger
 - as chronic problem
 - and cognitive behavioral
 - treatment, 558
 - facial expression of, 531, 534, 536
- Animal intelligence
 - and rearing conditions, 131-33
- Anonymity
 - and deindividuation
 - and group processes, 432
- Anorexia
 - see Ingestive behavior
- Anthropology
 - and facial expression
 - universality, 528
- Antisocial behavior
 - and group pressures, 431
- Anxiety
 - individual differences in
 - and memory, 66
 - role in unassertiveness, 559-60
 - and vulnerability to mental
 - illness, 197

- Aphasia
and adipsia
see Ingestive behavior
- Apomorphine
and ingestive behavior
studies, 215
- Applied differential psychology
and cognitive abilities
validity studies, 632-33
- Aptitude-treatment interaction
(ATI)
and applied differential
psychology, 632
- Arabic language
literacy in
and cognitive skills,
166-67
- ARGUS

682 SUBJECT INDEX

- altering through
 - counseling, 556-57
- and mental illness prevention programs
 - in children, 175, 200
- problems
 - prevention of, 589-90
- Schooling
 - and early experience studies, 104
- SCL-90
 - see Tests and scales
- Scratch reflex
 - in deafferented spinal animals and motor organization studies, 328-29, 333, 358
- Scripts
 - in cognition models and information processing, 376, 390
- Security
 - loss of and schizophrenic vulnerability, 194
- Self
 - evaluation of and group processes, 438-40
 - as schema in memory encoding, 65
- Self-analysis
 - in Soviet rural village and cross-cultural cognition, 160
- Self-attribution theory
 - and facial feedback, 545-46
- Self-concept ratings
 - and sensitivity training groups outcome studies, 464
- Self-confidence
 - in children and mental illness prevention, 198
- Self-conscious awareness
 - and facial expression of emotion, 536
- Self-Directed Search (SDS)
 - see Tests and scales
- Self-disclosure
 - in counseling methods to increase, 572-74
 - and small group methods, 456, 468
- Self-efficacy
 - enhancement of and phobia treatment, 564-65
- Self-esteem
 - and career anxiety, 578
- and group structure, 447
- and organizational behavior, 245-46, 254, 257-58
- and sociocultural impact on psychopathology, 404, 411
- and women's vocational choice, 583
- Self-help groups
 - and influence studies, 430, 468, 471-72
- Self-report measures
 - see Tests and scales
- Semantic
 - judgment task and individual differences studies, 612
 - memory
 - age differences in, 628
 - and computer modeling, 366, 369-70, 375-78, 385, 388-90
 - orienting tasks in memory studies, 65, 77-78, 81
 - processing in memory encoding, 79-80, 84, 87, 91
- Semantics
 - sex modification of and memory encoding, 69
- Sense perception theory
 - and history of psychology, 12
- Sensitivity training
 - and group influence studies, 430
 - and outcome research, 464
- Sensorimotor coordination
 - and eye movement studies, 337-52
- Sensory disturbances
 - and brain lesions and motivation studies, 216, 218-19
- Sensory experience
 - effects of variations in and early experience studies, 129-31
- Sensory memory
 - see Representational memory
- Sentences
 - memory for, 91-93
- Sequence extrapolation
 - and information processing models, 365, 378-79
- Serotonin (5-HT)
 - and ingestive behavior studies, 217, 230
- Sex
 - bias in leadership rating, 270 in success attribution, 251
 - discrimination against and personnel selection studies, 480-81, 496-502
 - see also Women and race
 - in children's cognition testing, 626
 - and semantic modification in memory encoding, 69
- Sex differences
 - in cognitive abilities lateralization and spatial ability, 631
 - in hope of power and leadership, 443
 - in relatedness of personality and ability, 623
 - in self-disclosure, 572
 - in socializing, 444
 - in success attribution, 251
- Sex-role stereotypes
 - and personnel selection, 506
 - and vocational choice, 583-86
 - career orientation, 584
 - nontraditional choices, 583-84
 - origins of career choice, 585-86
 - realism, 584
 - stability, 585
- Sexual
 - composition of a group and cohesiveness, 435
 - disorders and counseling, 562
 - division of labor and cognition development, 155
- Shock
 - fixative effects of and early experience studies, 112
- Short-term memory, 73-77
 - characteristics of primary memory, 75-76
 - recency, 77
 - release from proactive inhibition, 76
- theoretical developments, 73-75
- Signal Detection theory
 - and auditory psychophysics, 34-35
- Signal frequency
 - in binaural masking, 52-53
- Signaling behaviors
 - among infants see Facial expressions
- Skill
 - remembering as, 96

- Small groups
 - and group political pressure, 430
- methods of personal change, 453-74
 - clinical vs statistical approach, 457-59
 - individual vs group conceptual framework, 455-57
 - outcome conceptualization and measurement, 460-67
 - personal change processes, 467-72
- Smiling
 - among infants
 - development of, 533-34, 536-37
 - and negative speech
 - in facial expression studies, 545
- Smoking cessation
 - and counseling, 566, 570
- SNOBOL
 - programming language and cognition modeling, 365
- Social attachment
 - among birds and mammals
 - critical periods for, 123-24
- Social behavior
 - altering through counseling, 556-62
 - aggression, 558-59
 - assertiveness, 559-60
 - friendship, 560-61
 - marital problems, 561-62
 - school conduct and academic behavior, 556-57
 - and facial expressions, 527-49
- Social class
 - and schizophrenia, 399-401, 403, 406, 409
 - and speech styles, 614
- Social Desirability Scale
 - see Tests and scales
- Social environment
 - and aggression prevention, 199
- Social factors
 - in cognitive development, 149
- Social influence
 - in counseling, 574-76
 - attraction, 574-75
 - perceived expertness, 575-76
 - on psychopathology, 397-413
 - see Psychopathology
- Social intelligence
 - and individual differences
 - in cognitive abilities, 610-11
- Socialization
 - and cross-cultural cognition studies, 154-60
 - psychological differentiation, 155-59
 - Soviet cultural-historical approach, 159-60
 - and maternal attachment and deprivation
 - and early experience studies, 125
- Social pressure
 - on group members
 - and decision making, 421, 428-32
- Social psychology
 - group processes, 417-48
 - history of the field, 418-24
 - recent research, 424-48
- Social responsiveness
 - among infants
 - and auditory and visual experience, 114, 136
- Social skills training
 - of depressives, 563
- Socioeconomic status (SES)
 - of therapy clients
 - and persistence in treatment, 576-77
- Sociology
 - and psychology, 5-6
- Sociomedicine
 - and origins of psychology, 25
- Sound
 - measurement of
 - and auditory psychophysics, 33
- South Fore
 - of Papua
 - and facial expression studies, 529
- Soviet cultural-historical approach
 - to cross-cultural cognition, 159-60
- Soviet Union
 - facial expression studies in, 529
- Spatial
 - ability
 - cognition and personality, 623
 - and genetic influence, 630
 - orientation
 - individual differences in, 619-20
- Spectral concept
 - in pitch perception studies, 37-39, 46-47, 54
- Speech
 - and facial expressions of emotion, 544-45, 549
 - loss of under stress
 - and schizophrenia vulnerability, 194
 - styles and performance
 - and intelligence testing, 614-15
- Spinal cord studies
 - and visuomotor coordination, 357-58
- Standardized intelligence tests
 - see Tests and scales
- Stanford-Binet
 - see Tests and scales
- State-dependent learning
 - and memory studies, 90
- Statistics
 - in personnel selection
 - and nonlinear prediction, 494-95
- Sternberg STM-search paradigm
 - see Tests and scales
- Stevioside
 - and sugar reception studies, 302
- Stimulus control
 - in insomnia treatment, 567
- Stimulus level
 - in psychopathology studies, 410, 412
- Stochastic models
 - in cognitive process studies, 385
- Stories
 - memory for, 93-95
 - understanding and telling
 - and computer simulation models, 378
- Stress
 - ability to cope with
 - and locus of control studies, 246
 - anticipation of
 - and group affiliation, 436-37
 - combat
 - and mental health, 184
 - emotional and physical
 - and group decision making, 427
 - environmental
 - and mental illness prevention, 183-84, 187
 - and group leadership
 - appraisal, 441-42

- job
 - and emotional problems prevention, 181
 - and satisfaction, 248, 265
- life
 - and psychopathology, 400, 403, 407, 410-11
- reactivity to
 - and schizophrenic vulnerability, 196-97, 204-5
 - reduction of
 - and self-help groups, 471
- Strong Vocational Interest Blank
 - see Tests and scales
- Structuralism
 - and history of psychology, 18
- Structure of Intellect model (SI)
 - and cognitive abilities studies, 610-11
- STUDENT
 - computer simulation model and algebra problems, 372
- Success
 - attribution of
 - and organizational behavior, 251
 - of group
 - and cohesiveness, 433-36
- Sucrose
 - in taste neuropsychology, 292-93, 295-96, 300-4, 310, 314-16
- Sucrose octaacetate
 - and early aversive experience in rats, 117
- Sugar
 - preference
 - genesis of, 291
 - in taste studies, 285, 290, 292-93, 295-98, 304, 306-7
 - hedonic processes, 290, 301-5
- Suggestion
 - autogenic
 - in insomnia treatment, 567
 - hypnotic and self-
 - in pain control, 568
- Suicide
 - in children, 175
- Surprise
 - facial expression of, 531, 533-34, 536
- Swimming
 - by infants
 - and early experience studies, 110
- Symbolic communication
 - among apes
 - and language achievement theories, 108
- Sympathy
 - in children
 - and overcrowding, 199
- Syphilis
 - and disturbed behavior, 184
- System of Interactive Guidance Information (SIGI)
 - see Tests and scales
- T
 - Tactile stimulation
 - of infants
 - and early experience studies, 114, 116
 - Taste
 - neuropsychology of
 - see Ingestive behavior preferences
 - and hedonic processes, 302-5
 - unpleasant
 - and infant facial expression, 533
 - Taste reactivity test
 - see Tests and scales
 - Teams-games-tournament (TGT) program
 - and altering school behavior, 556-57
 - Teenage mothers
 - infants of
 - and mental illness prevention, 188
 - Tehran orphanage
 - development studies at
 - and early experiences, 107-8, 111, 128
 - Television
 - effects on infant
 - development, 115
 - violence and behavior
 - and facial expression, 549
 - Temperature
 - and taste neuropsychology, 312-13
 - Templates
 - in cognition models
 - and information processing, 376, 390
 - Terminator-ren.ainer battery (TR)
 - see Tests and scales
 - Test fairness
 - models of, 498-500
 - Testimony
 - in court
 - and memory encoding studies, 71
 - Testing
 - and civil rights
 - in personnel selection studies, 481
 - intelligence
 - and broad ability domain studies, 608-13
 - and individual differences, 605-6
- Test publishing industry
 - and personnel selection history, 479
- Tests and scales
 - Atkinson-Shiffrin PA task
 - and individual differences studies, 612
 - Bayley Scales of Infant Development
 - Mental Development Index of, 624-25
 - Beck Depression Inventory
 - and cognitive therapy, 564
 - Behaviorally anchored rating scales (BARS)
 - in personnel selection, 487
 - Berkeley growth and guidance studies
 - and predetermined development, 109
 - California Test of Mental Maturity
 - and test score stability, 626
 - Career Development Inventory (CDI)
 - and career counseling, 581
 - Career Maturity Inventory (CMI)
 - and career counseling, 581-82
 - Comprehensive Ability Battery
 - and factor analysis, 609-10
 - and predicting high school grades, 632
 - Corman-Escalona Scales of Object Permanence
 - and infant cognition, 625
 - Differential Aptitude Tests
 - and validity studies, 632
 - DQ (Developmental Quotient)
 - and early experience studies, 109-11
 - Embedded figures test
 - and cross-cultural cognition, 156, 159
 - and infant cognition, 625
 - Empathic Understanding Scale
 - and therapist ratings, 571
 - ETS Kit of Factor Reference Tests
 - and cognitive abilities studies, 609, 613, 616, 618, 621
 - Faces Scale
 - and job attitudes, 249

- Facial Action Coding System (FACS)
 and facial expression measurement, 540
 Facial Affect Scoring Technique (FAST)
 and facial measurement, 538-39
 Facial Expression Scoring Manual (FESM)
 and facial measurement, 539
 fairness models
 in personnel selection, 498-500
 FIRO-B
 and sensitivity training group outcome, 464
 GATB
 and personnel selection, 513
 Goal Attainment Scaling
 and small group outcome studies, 473
 Graphic Information Processing (GRIP)
 battery
 and cognitive abilities studies, 610
 GRE Advanced Psychology test
 and creative thinking, 615
 Group Atmosphere Scale
 and small group methods, 462
 Hamilton Rating Scale for Depression
 and cognitive therapy, 564
 Hebb-Williams mazes
 and rearing conditions tests, 132
 Index of forecasting efficiency
 and personnel selection studies, 493
 Index of Organizational Reactions
 and job satisfaction, 249
 Interaction scoring system
 and idiographic process measures, 470
 Interpersonal Behavior Scale
 and group therapy outcome, 466
 IQ (Intelligence Quotient)
 black-white differences in, 605, 631-32
 and brain maturation spurts, 124
 and cognition in young children, 625
 criticisms of, 606
 and early experience studies, 109, 111
 facial expression and intelligence, 549
 IQ stability error
 and mental illness prevention, 201-2
 Job Descriptive Index and satisfaction, 249
 Job Match Index
 and personnel selection, 485-86
 Koh's blocks
 and cross-cultural cognition, 156
 Kuder Occupational Interest Survey
 and career decision-making, 579
 Lashley III maze
 and rearing conditions tests, 132
 Leader Behavior Description Questionnaire—Form XII
 and path-glory theory, 264-65
 leadership style measures, 266-67
 Least Preferred Coworker (LPC) scale
 and leadership effectiveness, 263-64
 Life events scales
 and psychopathology, 408
 Lorge-Thorndike Intelligence Test
 and individual differences, 611, 626
 Minnesota Multiphasic Personality Inventory (MMPI)
 and psychotherapy outcome measures, 472-73
 Minnesota Satisfaction Questionnaire
 and job attitudes, 249
 Morrisby shapes
 and cross-cultural cognition, 156
 16 Personality Factors
 and cognition, 623
 Personality Research Form
 and group therapy outcome, 466
 Personal Orientation Inventory (POI)
 and encounter group outcome studies, 464
 Position Analysis Questionnaire (PAQ)
 and personnel selection studies, 480, 484-85
 Posner paradigm
 and individual differences studies, 612, 626
 Primary Mental Abilities test (PMA)
 and aging effects, 628
 Raven Progressive Matrices Test
 and cognitive ability studies, 608-9, 611-12, 626
 and computer cognition modeling, 380
 and cross-cultural cognition, 156
 Remote Associates Test
 and creative thinking, 615
 Rod and frame test
 and cross-cultural cognition studies, 158
 Scholastic Aptitude Test (SAT)
 and semantic judgment task, 612
 and verbal abilities, 614
 SCL-90
 and small group outcome studies, 473
 Self-Directed Search (SDS)
 and career decision-making, 579
 removal of masculine terminology from, 583
 Self-report measure
 of individual differences in learning, 633
 Social Desirability Scale
 and group therapy outcome, 466
 standardized intelligence tests
 and broad ability domains, 608-9
 Stanford-Binet
 and cognitive ability studies, 608
 Sternberg STM-search paradigm
 and individual differences studies, 612, 626
 Strong Vocational Interest Blank
 and career counseling, 584, 586
 and job satisfaction, 588
 System of Interactive Guidance Information (SIGI)
 and career maturity, 582
 Taste reactivity test
 and taste neuropsychology, 314-15
 Terminator-remainder battery (TR)
 and therapy dropouts, 577

- Tests of Scientific Thinking (IST)
and creativity, 615
- Turing Test
and computer simulated
paranoia, 384
- Tyler Vocational Card Sort
and career choice, 586
- Uses of Objects
and divergent thinking,
616
- Uses and Pattern Meanings
test
and creative thinking,
615
- Utility Rank Matrix
in equal opportunity
assessment, 501
- Uzgiris-Hunt scales
and early experience
studies, 108-9, 111
- verbal analogy tests
and reasoning, 617
- Vocational Card Sort (VCS)
and career choice, 583-84,
586
- Vocational Preference
Inventory
and career counseling,
585
- Wechsler Adult Intelligence
Scale (WAIS)
and individual differences
studies, 608-9, 623
- Wechsler Intelligence Scale
for Children (WISC)
and individual differences
studies, 608, 625, 631
- Wickens paradigm
and individual differences
studies, 612
- T-groups
leader styles in
observation and coding of,
469-70
and peer influence studies,
430
- Thalamic gustatory relay
and taste neuropsychology,
305-12
- Therapist
genuineness and empathy of,
571-72
- Therapist-patient relationship
and personal change
methods, 456, 468
- Therapy
intracounseling behaviors,
570-77
genuineness, warmth, and
empathy, 571-72
perseverance in treatment,
576-77
self-disclosure, 572-74
social influence, 574-76
- Therapy groups
see Small groups; T-groups
- Thermodynamics
expert knowledge in
and computer simulation
modeling, 369
- Thinking
creative
measures of, 615-16
reasoning and problem
solving
individual differences
studies, 616-18
- Thirst
see Ingestive behavior
- Thought
inferential
and computer simulation
modeling, 378
- Title VII
of 1964 Civil Rights
Amendment
and personnel selection
problems, 502-3
- Toilet training
and psychosexual
development theory,
112
- Tone sensation
and binaural hearing, 49-50,
54
and intensity perception,
42-43
and pitch perception, 37-40
- Topeka study
of vulnerability, coping, and
growth
and mental illness
prevention, 193, 198,
201-2
- Tower of Hanoi puzzle
see Problems
- Trace
in human memory
gaining access to, 85-88,
91, 94, 97
- Transactional
models
of psychopathology
causation, 399, 404
position
in leadership studies, 268
- Transcortical servo hypothesis
in motor organization
studies, 335-36
- Trauma
infantile
and early experience
studies, 115-19
- Treatment systems
and sociocultural influences
on psychopathology,
405-6, 409-10
see Counseling
- Tremor
behavioral treatment of, 566
- Trust
development of
and infancy, 125, 136
- Turing Test
see Tests and scales
- Twin studies
and early experience effects,
110, 122
- Tyler Vocational Card Sort
see Tests and scales
